

FORM MO-1041 FIDUCIARY INCOME TAX RETURN

INSTRUCTIONS

These instructions are for guidance only and do not state the complete law.

WHO MUST FILE FORM MO-1041

A Form MO-1041 must be filed by the following:

1. Every resident estate or trust that is required to file a Federal Form 1041.
2. Every nonresident estate that has gross income of \$600 or more from sources within Missouri.
3. Every nonresident trust that has any taxable income from sources within Missouri or gross income of \$600 or more from sources within Missouri.

Definition of Resident Estate or Trust

Senate Bill 896 revised Section 143.331, RSMo, to define a Resident Estate or Trust as: 1) The estate of a decedent who at his or her death was domiciled in this state; or 2) A trust that was created by a will of a decedent who at his or her death was domiciled in this state, **and** has at least one income beneficiary who, on the last day of the taxable year, was a resident of this state; or 3) A trust that was created by, or consisting of property of, a person domiciled in this state on the date the trust or portion of the trust became irrevocable, **and** has at least one income beneficiary who, on the last day of the taxable year, was a resident of this state.

Missouri tax applies only if at least one income beneficiary is a Missouri resident at the end of the taxable year. However, a nonresident trust may still be required to file a Form MO-1041, Missouri Fiduciary Income Tax Return. Refer to "Who Must File Form MO-1041" for requirements to file.

WHEN AND WHERE TO FILE

Form MO-1041, Fiduciary Income Tax Return, should be completed after the federal fiduciary return is completed, and is due no later than the 15th day of the 4th month following the close of the taxable year. For fiduciaries operating on a calendar year basis, the fiduciary return is due on or before April 16. When the due date falls on a Saturday, Sunday or legal holiday, the return and payment will be considered timely if filed on the next business day. Please mail the return to: **Department of Revenue, P.O. Box 3815, Jefferson City, MO 65105-3815.**

ROUNDING ON MISSOURI RETURNS

You must round all cents to the nearest whole dollar on your return. For cents .01 through .49, round down to the nearest whole dollar amount (round \$32.49 down to \$32.00) on the return. For cents .50 through .99, round up to the next whole dollar amount (round \$32.50 up to \$33.00) on the return. For your convenience, the zeros have already been placed in the cent columns on the returns.

ESTIMATED TAX PAYMENTS

The state of Missouri currently does not require the payment of estimated tax by an estate or trust.

REPORT OF CHANGES IN FEDERAL TAXABLE INCOME

If the taxpayer's federal taxable income for any taxable year is changed, the taxpayer must report the change to Missouri by filing an amended Missouri income tax return within 90 days

after the final determination of such change. Any taxpayer filing an amended federal fiduciary income tax return must file an amended Form MO-1041, Fiduciary Income Tax Return, within 90 days of the federal change.

EXTENSION OF TIME TO FILE OR PAY

If a taxpayer has been granted an extension of time to file his/her federal fiduciary income tax return, the time for filing his/her Missouri fiduciary income tax return is automatically extended for the same period of time. A copy of the federal extension must be attached to the Form MO-1041 when filed.

If a taxpayer has been granted an extension of time to pay his/her federal fiduciary income tax, the time for paying his/her Missouri fiduciary income tax is automatically extended for a similar period of time. A copy of the federal extension must be attached to the Form MO-1041 when filed.

An extension of time to file does not extend the time to pay. The taxpayer must pay the amount properly estimated as his/her tax for the taxable year on or before the original due date. This amount must be submitted on a Form MO-60, Application for Extension of Time to File.

If a taxpayer files a Form MO-60, a copy of the federal extension should be attached. A copy of the extension must be attached to the Form MO-1041 when filed.

FEDERAL DEDUCTION LIMIT

The federal income tax deduction is limited to \$5,000. If the total federal income tax (Form MO-1041, Line 4 or Form MO-NRF, Part 6, Line 3) is less than \$5,000 enter the amount on the federal tax line (Form MO-1041, Line 5 or Form MO-NRF, Part 6, Line 4). If the total federal tax exceeds \$5,000, enter \$5,000 on Form MO-1041, Line 5 or Form MO-NRF, Part 6, Line 4.

CAPITAL GAIN EXCLUSION ON SALE OF LOW INCOME HOUSING

If during 2000 you sold a federally subsidized (HUD) low income housing project to a nonprofit or governmental organization, and at least 40% of the units are occupied by persons or families having incomes of 60% or less of the median income, you may exclude from Missouri tax 25% of the capital gain that is taxable at the fiduciary level. However, the buyer of the property must agree to preserve or increase the low income occupancy of the project. To use this exclusion, enter on Form MO-1041, Page 1, Line 6 for residents or on Form MO-NRF, Page 1, Part 1, Line 4 for nonresidents, 25% of the capital gain reported on your Federal Form 1041. Attach a copy of your Federal Form 1041, Federal Form 4797 and an explanation.

INTEREST ON EXEMPT FEDERAL OBLIGATIONS

Interest from direct obligations of the U.S. government, such as U.S. savings bonds, U.S. treasury bills, bonds and notes, is exempt from state taxation under the laws of the United States. **Attach a detailed list of all Federal Form 1099(s).** Fiduciaries who claim an exclusion for interest from U.S. obligations **must** identify the specific securities owned, e.g., "U.S. savings bond." A general description such as "interest on U.S. obligation" or "U.S. government securities" is not acceptable. (See 12 CSR 10-2.150 for the taxability of various U.S. government related obligations.) A list of exempt (direct) U.S. obligations must be provided to each beneficiary by the fiduciary. This list will allow the beneficiary to report the modification on his/her Form MO-1040, Individual Income Tax Return.

A federally taxed distribution received from a mutual fund investing exclusively in **direct** U.S. government obligations is exempt. If the mutual fund invests in both exempt (direct) and nonexempt (indirect) federal obligations, the deduction allowed

— INSTRUCTIONS CONTINUED ON PAGE 11 —

is the distribution received from the mutual fund attributable to the direct U.S. government obligations, as determined by the mutual fund. A copy of the year-end statement received from the mutual fund showing the amount of monies received or the percentage of funds received from direct U.S. government obligations or a summary statement received from the mutual fund which clearly identifies the exempt and nonexempt portions of the U.S. government obligation interest, must be provided to each beneficiary by the fiduciary.

Note: Failure to attach a copy of the notification furnished to you that specifically details the amount of the subtraction being claimed as your distributive share will result in the disallowance of the deduction.

In arriving at the amount of related expenses, the taxpayer may use actual expenses or a reasonable estimate. In general, the taxpayer should use the same or similar method used to compute related expenses for federal income tax purposes, provided that the method reasonably reflects related expenses for Missouri exempt income.

If a taxpayer fails to compute reasonable related expenses, the Director of Revenue will make an adjustment based on the best information made available. If sufficient information is not made available or if the taxpayer's records do not provide sufficient information, the Director of Revenue will use the following formula to compute related expenses:

Exempt income x Expense items = Reduction to exempt income
Total income

The principal expense item in this formula is interest expense; however, the Director of Revenue may include other expense items because of the item's direct relationship to the production of exempt income. The taxpayer may propose an alternative method provided that it properly reflects the amount of related expenses.

TAX ON LUMP SUM DISTRIBUTIONS

If during 2000 you received a portion of any lump sum distribution from an annuity or retirement, not otherwise included in federal taxable income, this distribution may be subject to Missouri tax. The amount of the tax is equal to 10% of your federal tax liability on the distribution for the same year.

To calculate your Missouri tax on a lump sum distribution, multiply that portion of Federal Form 1041, Schedule G, Line 1B that is attributable to a lump sum distribution by 10% (.10) and enter the result on Form MO-1041, Line 16. You must attach a copy of Federal Form 1041 and Federal Form 4972 to your Missouri return.

RECAPTURE TAX

If you are required to recapture a portion of any federal low income housing credits taken on a low income project, you are also required to recapture a portion of any state credits taken. The state recapture amount is equal to the proportion of the state credit that equals the proportion the federal recapture amount bears to the original federal low income housing credit amount. Enter the recapture tax on Form MO-1041, Line 17. Attach a copy of Federal Form 8611 to your Missouri return.

MISSOURI TAX TREATMENT OF QUALIFIED FUNERAL TRUSTS

The calculation of the Missouri tax liability for a qualified funeral trust is the same as the federal computation. The tax of each qualified funeral trust is determined on a separate basis disclosed on an attached schedule and then combined resulting in a composite filing.

Fiduciaries and beneficiaries may be entitled to any of the following credits: New or Expanded Business Facility Credit, Development Reserve Credit, Infrastructure Development Credit,

Effective January 1, 2001, simple interest will be charged on all delinquent taxes at the rate of 10% per annum.

ADDITIONS TO TAX FOR FAILURE TO FILE

A taxpayer who fails to file a return by the due date, including extension of time to file, will be charged additions to tax of 5% per month (not to exceed 25% in the aggregate) during the period of such failure.

ADDITIONS TO TAX FOR FAILURE TO PAY

A taxpayer who files a timely tax return but fails to pay the tax by the original due date will be charged additions to tax of 5% on the total tax that is not paid for the taxable year. The additions to tax will be waived if a) the amount of tax paid on or before the original due date of the return is at least 90% of the amount of tax due on Form MO-1041 and b) the balance of the tax due on Form MO-1041 is paid on or before the due date of the return, including extensions of time.
